Evening Grosbeak	cw		1/119	2	
House Sparrow	235		519/119	8	
Total Individuals	6541				
Total Species Reported	61				

cw = Reported count week
 US = Flagged as an unusual species
 HC = Flagged as an unusually high count
 LC = Flagged as an unusually low count

Species Requiring Rare Bird Reports to be Submitted to Regional Editor

Species

Red-necked Grebe [*Podiceps grisegena*]

Special Aspects

This years CBC had decent weather and good visibility. The common observation from most teams was that it was very quiet for song birds, with fewer numbers than expected of many common species. It is a "finch" year with an increase in some of those species.
